

## **Be A Great Hockey Parent!**

*You have made a big time and money commitment to your child and the Trenton Hockey Association. Make sure you get the most of it and have a great season!*

1. Monthly bills range from \$100-300 month based on number of tournaments and practices scheduled. You should get a monthly bill and at least a financial statement at the end of the year.
2. Please make every effort to pay on time. The team will be charged extra for late and overdrafts and it helps your manager a lot.
3. Communicate with your coaches and manager. Most coaches have a 24 hour rule, if you are not happy with something, wait 24 hours to discuss with them further.
4. Only go to the Association if you cannot resolve with your coach.
5. Please get your paperwork and registration for THA & USA Hockey in as soon as possible. Your manager will be appreciative!
6. Volunteer! The coaches and manager are volunteering their time for your child, if you can do anything to help, please volunteer. Some teams have Christmas parties and end of the season parties. The THA asks for volunteers during the year too for Spaghetti dinner fundraisers, tournament help, golf outing etc. Please help if you can, it keeps costs down for all of us.
7. Participate in your team fundraisers, it will keep your monthly bill down. Hockey association fundraisers help buy uniforms, equipment and other things our kids need to play.
8. Be flexible. Schedules change in hockey, that is just the part of the game.
